

HAPPY NEW YEAR

Every century there is a year that duplicates the numbers of the century with the number of the year. In 1717 The Grand Lodge of England was formed. In 1818 Dr. Robert Morris, the Poet Laureate of Masonry and founder of the Order of the Eastern Star, was born. In 1919 the Order of DeMolay was founded.

We are now in the year 2020. Will we be able to create an event or events to look back on with pleasure in the future? Beginning a new year, it is said, "Out with the old in with the new". The Phrase "Hindsight is 2020" means you cannot change what happened in the past, but the future is unsure. I tend to believe we learn from the past. Those who do not know history are doomed to repeat it. If we look back in history we may find success then that may apply now.

With the drastic changes in society today, we have to find how we can combine the old and what we find works better today the median that does not change the beliefs of our order. Men and Women are looking for that thing that enhances their being. Looking back we may find a piece of that enhancement. Brotherhood and Sisterhood, helping one another was the old and should be now without reservation or consequence. Let this year 2020 be the year of progress

PS Communicate with those who have become disenchanted. Find out why they left. You may get an earful, do not argue, use that information with other to help your order grow.
