Vincent E. Perry, Right Eminent Grand Commander

From the Office of your Right Eminent Grand Commander, Sir Knight Vincent E. Perry:

By the time you will be reading this the year 2019 will be almost a memory. The New Year 2020 is a chance to renew our efforts to build up our Commanderies and to travel and make new friends and renew older friendships. Your Commander has had the privilege to travel all over our blessed West Virginia, to attend all inspections and travel to other states.

Our plans for our upcoming Grand Conclave in Huntington are proceeding wonderfully. You all will be receiving your reservation forms and agendas in short order. I am expecting a very relaxing and productive conclave on May 14<sup>th</sup>, 15<sup>th</sup> and 16<sup>th</sup> of 2020.

My travels so far these past seven months have taken me over 12,000 miles. I have visited many of our Commanderies for inspections or just meetings. I must thank all our Sir Knights throughout our wild, wonderful West Virginia for the kindness and great fellowship I have received. Also, in my travels I see the practice our Sir Knights have been doing. The opening and closing

of your meetings and the attempting to have entertainment for our ladies during our meetings. When our ladies are happy, we are happy also. Our new Sir Knights that return to their first meeting after being knighted are made to feel at home. This is a great thing; however, we still need to furnish these new members with mentors.

As in the 13<sup>th</sup> chapter of the book of 1<sup>st</sup> Corinthians, Paul the Apostle writes, and is so important now. Verses 4-8: “Charity suffer long and is kind; Charity envieth not; Charity vaunteth not itself, is not puffed up, does not behave itself unseemly seeketh, not her own, is not easily provoked, thinketh no evil. Rejoiceth not in iniquity but rejoiceth in the truth. Beareth all things, believeth all things, hopeth all things, endureth all things. Charity never faileth”.

God bless all Masons wheresoever dispersed,  
Vincent E. Perry
