

Greetings Sir Knights!

It is the last week of May as I sit down to write this supplement and plans for our virtual meeting are coming together nicely. by the time you read this supplement, we will have elected new officers and began the new year of work in our fraternity. We are still practicing social distancing, protecting ourselves and fellow citizens from the Novel Corona Virus. I receive cancellations from sister jurisdictions on a daily basis, and like us, most of them are holding virtual meetings and planning for a 2021 return to the traditional Annual Conclave. More than ever I miss the foot to foot, knee to knee, breast to breast, hand to back and cheek to cheek contact afforded me by this great fraternity and cannot wait to resume the normal routine.

I again reiterate my charge from last month, To all my Brethren, Companions and Sir Knights, please continue to stay healthy, keep washing your hands frequently, maintain safe distances from others, wear a mask in public and please reach out and continue to keep in touch with our fellow Sir Knights, Companions and Brethren.
