 Grand Commander
 October Message

Sir Knights and Ladies,

As I write this message, the world is still dealing with Covid 19. The Grand Encampment USA has restricted any in person Convocations until further notice. However, that does not mean there is not much work to be done in your Commandery. In my last message I discussed the importance of communication. Today, it is easier than any other time in history to communicate with each other. I am encouraging each Commandery to host a monthly Zoom meeting. If a Zoom meeting is not possible, please establish a calling committee, whereby, every member of your Commandery receives a phone call quarterly. During these strange times, let us not forget that our primary responsibility is to take care of each other. The phone call should be to check on the welfare of each Sir Knight and their family. Please make it a priority to reach out to the widows of our departed Sir Knights. Also, please continue to produce your monthly Trestle Boards, with the appropriate Commanders Message. We all miss the close fellowship that the Commandery provides us, but today, the health and wellbeing of all is paramount in my mind.

As Templars we are asked to have faith is in our Lord and Savior Jesus Christ. It is in that faith that I am confident that we will come through this pandemic together. It is my belief that while our faith is being challenged during this season, we are also being strengthened for a greater tomorrow.

I would like to thank all the Sir Knights that attended the Grand Commandery Annual Conclave. I think it went well. I particularly want to thank Sir Knights Dave Williams, Mike Brewer, and their entire technical team that made the Grand Session possible. All Sir Knights owe this team a great deal of gratitude. We also owe a special thank you to our Grand Recorder, for guiding us safely through uncharted waters. Thank you, Grover,!

Your Grand Commandery Officers wish you all the best. If there is anything, we can do to support your Commandery efforts, please let us know

Yours in Faith

Jaymie Vaughn
