Sir Knights and Ladies,

I hope this message finds you well. I would like to start by thanking REPGC John Zeaphey for a great year. John worked tirelessly to re-establish communication between the Grand Commandery and the constituent commanderies. Communication is key, and we plan to continue the update emails. If you were not receiving them, please reach out to one of the Grand Officers and we will ensure your email is added to the list.

I would love to tell you that we have a solid plan for the rest of the year, but that is not the case. I would ask that we all approach the upcoming masonic year with patience and flexibility as we maneuver unknown and trying times. What I do know for sure, is that with the world in chaos, it needs chivalric values more than ever, along with a strong prayer base. I am positive we will all come out of this with a greater appreciation of each other and our fraternity. The templars have faced greater adversities in their history, and I know this will not be the last challenge templars will face. We will continue on with high hopes and prayers for the healing of our planet.

God bless you all,

Jaymie Vaughn
 Grand Commander

Jaymie Vaughn was born April 15, 1974, as a 3rd generation Colorado native. He graduated from Arvada High school in 1992. Along the way he met his wife Stephanie and they were married in 2000.

They have 2 children, Julia, age 18 and Jack age 17. He has held a variety of jobs including 10 years as an auto mechanic, 2 years as a loan officer, 14 years as a superintendent for a mechanical contractor and now works for Compliance Plus as a medical gas verifier.

Clearly Jaymie likes to work with his hands and build things. His hobbies include golf, home projects, spoiling his cats, football, traveling, hunting, fishing, camping and spending time with family.

He loves being actively involved in Masonry and has enjoyed his masonic family for 16 years. One crazy thing Jaymie does is park in “his” parking spot at stores and follows the same pattern to go through the store each time, he has also been known to iron his money before he puts it in the safe. Maybe a little OCD.
