## The end of an era!

I have some rather sad news to pass on. No, I'm not vacating my post as editor, you can't get rid of me that easy! Some tough choices have been made at the upper levels and it has been decided that effective next month (September edition) this section (the state supplements) will no longer be printed in the hard copy of the Knights Templar Magazine. After this one, the only way to read the Montana State supplement will be by going online to Knights Templar Grand Encampment website or by using the smartphone app.

This is disappointing to me simply because through many conversations with some of my fellow Sir Knights, I know they will have some difficulty accessing the supplement online or through the app because they may not be computer savvy or in a few cases, physically not able to access it that way.

Getting to the sites is actually not that difficult and I am hoping to provide some tips to try to make it easier to access for all of our readers.

For the smartphone app, you will be going to the play store (the app that you can download other apps from) on your android phone, I'm not sure what it is called on an Apple device. In the search bar, type in "Knights Templar Mag" and you will be looking

for an icon/picture that looks like this . Click to install the app to your phone. When it opens, go to the settings tab at the bottom and select your state, then go back to the magazines tab and click on the month you want to read, in the upper right corner, you will see it says "state" click on that and you will see the MT supplement.

To access the supplements on the Grand Encampment website, open a new web page and type the following into the search bar: [www.knightstemplar.org](http://www.knightstemplar.org) . Below is the top of the page you will see and if you look at the upper right side of the page below the crest, you will see a link called "KT Supplements", click on that and you will be taken to the next page which is below this one:

On this page, you see this header, scroll down to find Montana and click on the month you want to read, you can also go back to 2018 and re-read those if you wish. One added bonus, on this page you can read the supplements for all of the states and see if their writers are as AWESOME as I am! *(insert smiley face here)*

If all else fails and you are finding it difficult to access the supplements, ask a local computer savvy Brother to help you set it up on your computer or see if they will just to print it off you each month. If you can not find a local Brother to get you set up or print it off for you, send me your email address or mailing address and I will either email you a copy of the supplement as I submit them or I will print them off and mail you a copy myself. My email address and phone number are in the header of the other page, just leave me a message and I will Git R' Done! I hope this is of some help, I am not trying to "dumb it down" but some folks honestly just don't know how to do access this info.
