Greetings Sir Knights and Ladies:

It is my hope that you all have had a blessed holiday season. January is an exciting month. It is a season of renewal. We can all look forward to a spring season of warmer temperatures. Before we know it, the brown and gray colors of winter, will be turning to the green colors of spring.

It seems that we will all have access to a vaccine during the early spring season. I am most encouraged by this news. It will mean that we will be able to reopen our Asylums again, and enjoy the close fellowship we all miss.

In the history of the Templars, January is an important month. On January 13, 1128, Pope Honorius II grants a papal sanction to the military order, known as the Knights Templar, declaring it to be an army of God. In 1127, new promotional efforts convinced many more noblemen to join the order, gradually increasing its size and influence.

I would ask each of you to make this January important to Templary, by introducing the Order to one Mason, who is not a member.

My thoughts and prayers are with each of you. There is no doubt that the year 2020 has been challenging for all of us. I am strengthened by the message, on the next page, by Brian Wilson, I hope you find it as helpful and inspiring as I have.

## Storm in Mind

by Brian Courtney Wilson

You might be wondering how much more of this you can take but just remember...

You were made with the storm in mind

Let the struggle and strife make you stronger and help you hold on a little longer...

You were made with the storm in mind

Yes it matters that you feel like you just might break but remember...

You were made with the storm in mind

I see you wondering how you're ever going to make it through, but let me encourage you...

You were made with the storm in mind

My words aren't empty, I've been tested too and I'm here to tell you that it's true...

You were made with the storm in mind

One day we will all get together and talk about how we've overcome, so remember...

You are made with the storm in mind  
Don't give up and keep pulling through!
