

## ALLIED MASONIC DEGREES – Part 4

At the moment, we are present in Romania since the 21st of May 2011 when the first AMD Council was founded at the first edition of the Romanian Masonic Week.

We continued our work and as recognition for our efforts in the 15th of February 2014 in Reston, Virginia, USA, the Grand Council "Europe" of the Allied Masonic Degrees of Romania received the Charter.

We work in Councils and right now there are 10 Councils all over Romania in Bucuresti, Timisoara, Iasi, Constanta, Galati si Craiova. Their members are called Venerable Brothers and the Grand Council is lead by the Most Venerable Brother Gabriel GHERASIM, Sovereign Grand Master. And it is in good hands. The proofs would take too long to showcase now. But one of them is this short presentation.

Through this presentation the Sovereign Masters and all Venerable Brothers would like to extend their greetings and their assurance that the Masonic Order will always be what it needs to be - a living thing. We cannot promise that it will be Eternal and it is too conceited to make such a claim because only One is eternal. But we are certainly working on making it long-lived, our work never stopping.
