

ALLIED MASONIC DEGREES – Part 3

In this way messages from the past, from our Brothers of old, could reach our minds, our hearts and our souls. In short this is the reason why AMD was created and I can honestly say without a shadow of a doubt that it was necessary to be created.

At this moment in AMD we are working these old Degrees and Rituals that are now a living part of the Masonic Order. We do so carefully, with responsibility and with joy. By saying the right words, making the right gestures and doing the right things we are giving them the most important thing of all - LIFE.

Right now, in AMD we are working with several Degrees that were obtained through (sometimes difficult) negotiations from the Lodges, the Grand Lodges and the Orders that had them under their jurisdiction. The Degrees that were taken were long inactive but giving them up was no easy feat.

Just naming these Degrees can give you an idea of their age and their special teachings. Hear their names:

- Sf. Lawrence the Martyr. Order of the Secret Monitor.
- Prince in Order of the Secret Monitor. Supreme
- Ruler in Order of the Secret Monitor.
- Grand Tiler of Solomon or Masons Elect of Twenty-Seven.
- Knight of Constantinople. Red Cross of Babylon.
- Holy Order of Grand High Priest.
