

ORDER OF THE ROSE

Part 1

We all know that being a Royal Arch Mason involves dedication, passion and love for the Capitulary Masonry. In order to be present at numerous events organized by the York Rite, the Companions must be absent from their families.

The Freemasonry was created to make the humans wiser and better, make them search only for the Light and the Truth. It is our mission to perpetuate this Light for those who still live in the obscurity of the ignorance and superstition and we need our Ladies in this crusade.

Thus, the Order of the Rose was created to award to our wives, mothers, sisters and daughters, by a simple ceremony, the title of "Lady of the Rose", by which we show them our appreciation for the sacrifices they do for us.
