Dear Sir Knights,

We the officers and members of the Commandery of Florida wish all of you a wonderful and Happy Christmas and a better New Year.

One of my favorite stories of coming to Christ is a Mother and Father taking their son for the first time to church. They told him, out of respect, to get dressed in good clothes , wash his face and hands, and be very quiet and respectful during church. He is to be polite to everyone and listen to what the Minister has to say. They arrive at the church and enter, when they are carefully sitting in pew , the Father asks the son "do you know, son, what that is in front of you in this room" , as the Father pointed to the cross. The son replied, "everyone knows what that is, it is a plus sign! "

When you see the CROSS do you realize that it is with this "+" plus in your life and that ALL the things we have are because of Jesus ! Can we say AMEN!

Respectfully Submitted,

Diana and Sheldon and Family
